I served 9 and half years in the United States Air Force and pledged to protect and defend the Constitution of the United States of an America. I am very troubled that our country has been taken over by those who care nothing about the Constitution, but only on how to fatten their pockets.

I haven been trying to get justice in the Arizona Pima County Juridical system in Cases C-20036024, C-20082482 and C- 20127045. After studying the law I was somewhat surprise to find out that that under Arizona Law it allows corrupt attorneys and Judges to defraud the citizen of Arizona of money and property by using the statues of limitation to their advantage to avoid prosecution for their misdeeds. After being setup by my attorney in the first case I studied the Law and represented myself after having to fire my attorneys for their misdeeds of helping the opposition.

To my amazement I discovered that the Arizona Legislature changed the Rules of Civil Procedures as the case was in progress to help the Judges and Attorneys out of trouble. Sanctions should have been imposed on the Attorneys and Judges for violating the rules and laws. Many rules were changed to deny me, Due Process, a Public Hearing, a Jury Trial, a change of Judge, and a trial. There was never a trial at all. Most of these are guarantee rights by the US Constitution. The only way to get a judge sanctioned is in court, they simply do not allow you to get to court. The rules and laws do not mean anything if the Arizona or any Legislature can change them anytime they want to assist dishonest Attorneys, Clerks of Court, Judges and Legislators. The corrupt politicians in the Arizona Legislature are constantly changing and renumbering the rules to assist corrupt attorneys and judges. They also do this to cover up their unethical, Illegal and unconstitutional practices. It amounts to Racketeering.

Unethical Attorneys, Clerks of Court, Judges and legislators work together to delay correspondences, or not send it at all, deceived, coheres, defraud and deny citizens of their Constitutional Rights to Due Process, a trial by Jury and a fair trial. I have been a victim to all of the above. I hereby request a full investigation by the Justice Department into these complaints.
